# Family Care

## Most people don't think about the day after a Funeral.

### That's why we do.

For most of us, there will never be a day quite like the one following a funeral. With fewer distractions, the reality of loss seeps into places we didn't know existed. People around us ease back into their routine.

It's hard to imagine how anyone could think clearly – or even care – about the many things that need to be taken care of following a funeral.

### That's where FAMILY CARE steps in.

We offer Family Care because we know it makes a difference to families who have entrusted us with their loss. A trained Family Care counselor helps you begin the healing process by providing valuable “hands-on” assistance with many of the tasks (large and small) that must be dealt with.

### Here is what you can expect from FAMILY CARE:

Beneficiary changes, bank account updates and timely insurance claims are among the most pressing matters facing a survivor, and may impact your financial well-being. Some things, left undone, have the potential to complicate your life if not addressed in a timely manner.

Want us to make phone calls? Need us to get a claim in the works? That's what we'll do. And if you're not sure where to start, we'll help you determine a plan of action.

We provide a record of every phone call made on your behalf, including promises – from forms in the mail to answers that are in the works – will be noted for your reference.

### Follow-up too

We promise future help, such as filling out forms, so you can be assured we will check in with you periodically.

*This is a complimentary service of the funeral home.*
